Garden Workshop Program

Monthly hands-on sessions tailored to your garden!

About the Program

Each month we meet in your garden for a focused 1.5-hour session covering a seasonal skill, hands-on practice, and a review of your personalised care guides. Sessions are paced to the natural rhythm of the garden year — from seed starting in February through putting the garden to bed in November.

Pricing

Package	Sessions	Free Sessions	Price
Single session	1	—	\$150
Seasonal (3 months)	3	1 per season	\$300
Full year	12	4 (one per season)	\$1,200

One complimentary session is included per season in both the Seasonal and Full Year packages.

Optional Add-ons

- Written session recap emailed after each visit — \$25
- Seasonal planting list tailored to your garden — \$50
- Emergency visit (pest outbreak, plant problem) — \$150 flat

What to Expect Each Session

Activity	Time	Description
Welcome & garden walk	15 min	Observe changes since last visit, note anything to address

Focused teaching topic	30 min	The core skill or concept for that month
Hands-on practice	30 min	Working directly in the garden together
Care guide review	10 min	Reference the guides created during the design process
Recap & next steps	5 min	What to watch for before the next session

Monthly Workshop Schedule

★ = complimentary session (shaded green)

Month	Topic	Focus
January★	Winter Garden Prep	Pruning, soil amendment, planning for the growing season — free session
February	Seed Starting & Propagation	Direct sow vs. indoor starts, timing, soil mixes
March	Soil Health & Composting	Compost, mulching, and amendments
April★	Spring Planting Day	Hands-on planting, familiarizing with the space — free session
May	Integrated Pest Management	Organic controls, beneficial insects, balance
June	Watering & Irrigation	Efficient watering, drip systems, plant needs
July★	Midsummer Harvest & Maintenance	Harvesting, succession planting, deadheading — free session
August	Preserving the Harvest	Drying, freezing, simple pickling
September	Fall Planting & Transition	Cool-season crops, fall color, transition
October★	Plant Care Guides Walkthrough	Review each plant, winter prep, replacements — free session
November	Putting the Garden to Bed	Cutting back, mulching, bulbs, cover crops
December	Garden Reflection & Planning	Year review, what worked, plans for next year — free session

Ready to get started?

Sessions can begin any month. Packages are invoiced at the start of each season.
